

DEDICATED TO THE BEST IN MENS SKINCARE, AT HOME OR AWAY. Growing from one small store in NYC to over 150 retail locations just 20 years later. The Art of Shaving is a brand passionately devoted to the very best in mens skincare and shaving by providing products with **100% pure essential oils**. The **4 Elements of the Perfect Shave™** is the core of The Art of Shaving's DNA - an innovative path to help men enhance their shaving experience.

4 ELEMENTS

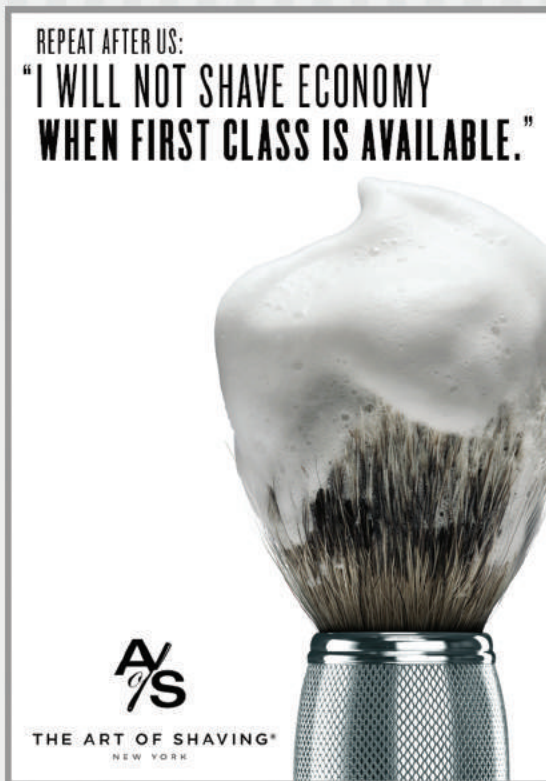

1. **PREPARE:** **Pre-Shave Oil** helps condition the beard hair while protecting the facial skin from razor burn.

2. **LATHER UP:** The **Shave Cream** is formulated with Glycerin and Coconut Acid that provides hydration during the shave, further preparing the beard hair for a clean, close shave.

3. **SHAVE:** A properly weighted and balanced razor helps reduce pressure on the skin.

4. **MOISTURIZE:** The **After-Shave Balm** features lightweight emollients that condition the skin. Vitamin B3 and pure Sandalwood Essential Oil helps maintain and replenish moisture lost after shaving.

All items are free from synthetic dyes and alcohol.
